IRONASH

Light brownish straw coloured. Has a moderately course texture with straight grain with some gum veins. Quartersawn.

Applications: Cladding - Fins - Battens

Origin	Victoria
Botanical Name	Eucalyptus delegatensis & regnans
Density (Dry)	660kg/m³
Above Ground Durability	Very High - Class 1 (H3 treated)
In Ground Durability	Low - Class 4
Hardness	Moderate - Janka 5.5
Sustainability	PEFC certification
Machining	Good
Gluing	Good
Gluing Unit Movement Tangential	Good 0.23%
Unit Movement	
Unit Movement Tangential	0.23%
Unit Movement Tangential In Service Movement	0.23% Low
Unit Movement Tangential In Service Movement Termite Resistance Sapwood Lyctid	0.23% Low Resistant (H3 treated)
Unit Movement Tangential In Service Movement Termite Resistance Sapwood Lyctid Susceptibility	0.23% Low Resistant (H3 treated) Not Susceptible Usually available set lengths
