COLOR

Beautifully natural wooden

# GREY DECKING

Accoya decking gives you the beauty and benefits of real wood, without the drawbacks

› **Highly durable**

Accoya decking withstands the test of time whatever the weather or climate.

› **Highly stable**

Accoya decking has smaller gaps, a more even surface and stays smoother for longer than other woods

› **Low-Maintenance**

Colored all the way through the wood, designed for a lifetime of minimal maintenance and maximum enjoyment

› **Barefoot friendly**

Accoya decking remains cool in hot weather and is less prone to splinters

› **Non toxic**

Accoya decking is safe for our family, your pets... and the planet.

## Sustainability

Accoya Color Grey is a natural wood product that is subject to variations in shade and uniformity of colour between boards. Please note that there can be small less-coloured areas within grade. While every piece of Accoya Color Grey is colored surface to core, ensuring high durability and low maintenance, please be aware the product may look lighter or darker depending on the batch of product, the natural wood characteristics and the environment the product is used in. All wood decking will require cleaning at least once a year. Fine cracks can appear on Accoya decking after installation and when it starts to weather. Cracks are a natural phenomenon on wood and have no effect on its durability.
